FOCUSSING ON SKI BOOTS ONLY

Dalbello is an Italian ski boot specialist founded in 1974 by Seniore Dal Bello, a true shoemaker. Being located next to the mountains in a place called Asolo, Dalbello is the only manufacturer that still produces every single product in its own factory here in Italy.

Italian sensitivity for unique and advanced design, technological solutions and the passion for the boot made Dalbello a top performing brand, winning 10 Olympic medals in 2014 and supporting top athletes in freeriding and world cup racing.

Behind the victories is a hugh team of outstanding athletes who have a lot of influence on the product and its performance. Their experience and daily use lead to a permanent progression and continuous improvements. The team works very close with inhouse engineers and designers and is a true member of the global Dalbello family.

The power of the „Italian family“ spirit is an important part of Dalbello´s corporate culture and the brand is very proud about these unique values and the people supporting Dalbello´s ideas and vision.
